

FOR IMMEDIATE RELEASE

[Lawrence Virtual Tour](#) Provides Powerful Sales & Marketing Tools in Douglas County

LAWRENCE, KS – February 11, 2008 - Lawrence Virtual Tour (LVT), a new **Douglas County provider of virtual tours** has recently partnered with Real Tour Vision(TM) (RTV). This partnership will enable LVT to specialize in true 360 panoramic views utilizing RTV software, as well as 2D/3D interactive floor plans, HitStats and additional services. LVT Virtual Tours leverage the power of the Internet to showcase properties, facilities, products and communities online using an interactive format. LVT tours are also able to be emailed without the requirement for special plug-ins or software downloads.

"Panoramic virtual tours add an exciting dimension to the presentation products, homes, stores or other facilities," said Kate Huchet, Virtual Tour producer for LVT. "Because they are available 24 hours a day, 7 days a week on the Internet, they can attract global audiences. Virtual tours eliminate repetitious presentations, reduce travel time, and decrease travel costs for businesses." Typical businesses using virtual tours include Real Estate companies, FSBO, resorts, educational institutions, health care facilities, retail stores and manufacturers.

"We are also very excited by our new [2D and 3D floor plan technology](#). RTV technology allows for a true [3D walkthrough](#) experience." added Kate. "The latest improvement is the interactive floor plans where each room in the floor plan has a small image thumbnail. Simply hover the mouse over the thumbnail and the viewer will see the full-size picture. Due to this recent partnership with RTV, we can now offer these interactive virtual tour packages and highly advanced marketing tools at very affordable prices."

For more information about **Lawrence Virtual Tour**, you can visit their website, phone 785-764-2552 or email Kate directly at the email address below.

About Real Tour Vision:

Real Tour Vision is a recognized leader in interactive 360 panoramic virtual tours and virtual tour software. Over the past 8 years, the virtual tour software company has built up one of the world's largest and most powerful networks of virtual tour providers. The company encourages prospective virtual tour provider and real estate agent network clients to begin by making logical business decisions, working out the numbers, and finally choosing the RTV virtual tour software system to drive their virtual tour company or enhance their real estate website with virtual tour software products. RTV virtual tours are chosen over other virtual tour software programs daily by intelligent business owners who demand the best virtual tour software to showcase and market their businesses online.

Real Tour Vision and RTV are trademarks of Tour Vision, Inc.
